

# SOTAX Group

sotax

Reliable automation of simple laborious steps and finding innovative solutions for your testing problems has been our mission since 1973. From the world's first flow-through dissolution tester to self-cleaning systems, patented tablet alignment, and user-friendly data management – SOTAX engineers specialize in making testing easier, faster, and more precise for you.

Knowing that there is more to a solution than innovative technology, we are proud to have the largest field service organization in our industry. Our global team of application experts, product specialists, and service engineers are looking forward to supporting you whenever you need it.

Whether you need help with an application problem or would like to learn more about possible efficiency gains in dissolution testing, physical testing, or automated sample preparation – SOTAX is your one-stop solution.
